

### How to join a multiplayer game on a server:

- Click on the MinecraftEdu Launcher button on the desktop
- Click "Start MinecraftEdu". (If you click "Start Minecraft, you will not be able to connect)
- Click "Launch"
- Type your name and choose your gender
- Click "Continue"
- Click "Multiplayer"
- Click "Direct Connect"
- Type in the server address (IP address) of the computer that's running the server tool
- Click "Join Server"
- Choose your avatar, then click "Connect"
- If you are the teacher in charge, click "I am a Teacher" instead. You will need a server password. Then click "Login as Teacher"
